Vision Statement

To build a community where families are strong and life is cherished.

Mission Statement

We provide an open door and inviting space to all women in need of resources related to pregnancy, parenting and sexual health and empowers families with focused classes, dedicated support, and material assistance to uphold the value of every human life.

Statement of Faith

1. We believe in one God eternally existing in three persons: Father, Son, and Holy Spirit.
2. We believe in God the Father, whose creation reveals His unparalleled power and whose love extends to every person even before each is born.
3. We believe in the deity of Jesus Christ, in His virgin birth, in His sinless life, in His miracles, in His atoning death on the cross in our place, in His bodily resurrection, in His ascension to the right hand of the Father, and in His future personal return in power and glory.
4. We believe that human beings are created in God's image, but because of human sin against God, that image was defaced and fellowship with God was broken.
5. We believe that God has demonstrated His love for lost and sinful humanity, in that while we were yet sinners, Christ died for us. We believe that the Holy Spirit convinces us of sin and leads us to experience God's salvation through faith in Jesus Christ as Savior and Lord, who alone reconciles us to God and who is restoring God's image in us.
6. We believe in the ongoing ministry of the Holy Spirit, who empowers us to live godly lives and to express our personal faith in good works.
7. We believe in life after death of both the saved and the lost; the saved to dwell in God's presence forever, and the lost to exist without God.
8. We believe that the Bible is the inspired, infallible, and uniquely authoritative Word of God, and our guide in faith and life.
9. We believe in the Body of Christ, which by the Holy Spirit is bound together in spiritual unity and sent out in gifted diversity to accomplish Christ's mission in the world.

Operational Assumptions

- It is not the specific medical services that A Woman's Concern offers that cause a woman to have her baby, but, rather, the process in which those services are provided.
- Medical services are essentially educational in nature and add credibility and professionalism to A Woman's Concern.
- The vast majority of women do not want to have an abortion and do so because they feel insecure and unsupported.
- When women receive accurate information in a controlled, professional environment, they are empowered to make a life choice.
- Many women feel more secure in a controlled, professional environment.
- When a woman is afforded peace of mind and security, more often than not she will choose to have her baby.
- Every appointment with an abortion-minded patient is a systematic, pre-determined process designed to provide her the necessary information to empower her to make a life choice.
